Security Pyramid Podcast - Part III (The Neighborhood)

Posted At : May 2, 2006 11:40 AM | Posted By : Mark Kruger
Related Categories: Podcasts, Security

This is the third in a series of 4 podcasts (I know, it was supposed to be 3) on the subject of "the security pyramid". This one covers the topic of "the neighborhood" where your application lives. The topic covers security issues related to your server configuration, coldfusion, and integration with external resources. All of the material covered in the podcasts is also covered in the 5 posts listed below, although the podcasts often include items that are not in the posts. Click on Part III below for the written vresion of this particular podcast. Thanks for listening!
