Related Categories: ColdFusion, Coldfusion Security

Adobe just released **updates for ColdFusion 2018, ColdFusion 2016, and ColdFusion 11**. Please note that this is most likely the last update that ColdFusion 11 will receive due to it's core support end of life is coming up in **April of 2019**.

## Some New Features

- This update includes adding support for Java 11 to ColdFusion 2018 and ColdFusion 2016. ColdFusion 11 did NOT get this update most likely due to ColdFusion 11 nearing end of life.
- ColdFusion 2018: Server Auto-lockdown includes a new installer for Mac OS.
- ColdFusion 2018 and ColdFusion 2016: Updated the following OEMs:
  1. Jetty 9.4.12
  2. ExtJS 6.6
  3. JPedal 8.4.31
- ColdFusion 2018 and ColdFusion 2016: You can use cfloop as script for arrays, lists, structs, or queries.
- ColdFusion 2018: New platform support matrix for the following:

OS	Application Servers	Web Server	Databases	External Services
<ul style="list-style-type: none"> <li>▪ Windows Server 2019</li> <li>▪ Solaris 11.3</li> <li>▪ OSX 10.14</li> </ul>	<ul style="list-style-type: none"> <li>▪ WildFly 14.0</li> <li>▪ WebSphere 9.0.0.9</li> </ul>	Apache HTTPD 2.4.37	<ul style="list-style-type: none"> <li>▪ Oracle 18c</li> <li>▪ PostGreSQL11</li> <li>▪ IBM DB2 v11.1</li> <li>▪ Apache Derby-10.14.2</li> </ul>	<ul style="list-style-type: none"> <li>▪ Microsoft Exchange 2016</li> <li>▪ Microsoft SharePoint 2016</li> </ul>

Adobe has updated more features for ColdFusion 2018 and ColdFusion 2016 including new mobile updates and Performance Monitor Updates. It's time to update your servers.

**CF Webtools** Developer Teams are ColdFusion experts and are ready to build your applications. We are also an Amazon Partner. Our Operations Group can build, manage, and maintain your AWS services including ColdFusion servers. We also handle migration of physical servers into AWS Cloud services. If you are looking for professional AWS management our operations group is standing by 24/7 - give us a call at 402-408-3733, or send a note to operations at **CF Webtools**.
